Chargeable extras:

We have a team of experienced qualified teachers leading our nursery, developing a curriculum supports each individual child's starting points and personal interests. Our language-rich curriculum enables the children to successfully access learning and succeed. Through the children's individual personal experiences, we teach the children about the world around them and their place in it. We support the children in developing relationships with their peers and the adults within school. Basic skills in personal and social development, physical development, language and communication alongside English and maths are taught to ensure the children entering reception are school ready.
